

Force Requests

The *Force Request Form* has been discontinued until December. If you need a force for the Fall 2013 Semester, please send an email to richf@tamu.edu and include

- a. your name,
- b. your UIN,
- c. the course number,
- d. the CRN of the requested section, and
- e. your justification for the force.

We can only process force requests for courses that are being taught by industrial and systems engineering faculty. Since ISEN 333 is not being taught by our faculty, we cannot force students into that course.
